

The logo for 'efret' is positioned at the top center of the image. It consists of the letters 'e', 'f', 'r', 'e', and 't' in a bold, sans-serif font. Each letter is a different color: 'e' is red, 'f' is blue, 'r' is yellow, 'e' is purple, and 't' is green. The background is a grayscale image of a port with a large container ship on the left and a white Mercedes-Benz truck on the right. The truck's trailer has 'efret' and 'alliance' logos on it, along with the license plate 'EF68 RET'.

Our Transportation Solutions

We solve express, dedicated and time critical transport challenges anywhere between all 28 EU Member States and beyond by sourcing the right vehicle at the right time and at the right cost.

In keeping with Efret philosophy to only purchase from best-in-class equipment and services, we selected Krone and Berger Ecotrail for our fleet of mega curtainsiders and mega box trailers.

Whether you are from the automotive, FMCG, e-retail, Food and Beverage sectors, our fleet is designed and equipped with high spec features to ensure the safety and integrity of your goods during transit.

Our mega fleet is designed to be legal everywhere in the EU and Morocco, including where height limitations are vigorously enforced.

Eflow

Following Eflow continuous investment into our advanced TMS with full EDI connectivity, we have partnered with Project 44 and have completed the design of Eflow.

Its purpose is to enhance our customer experience and operations with high fidelity data and predictive insights across every step of the global supply chain.

Eflow connects, automates and provides visibility into key transportation processes to provide the experience your customers expect with real-time tracking, accurate ETAs, and improved on time performance.

Through Eflow we can:

Eliminate Manual Tracking and Time consuming updates

Reduce the amount of phone calls and emails from customers that want to know where their freight is located. Gain the ability to share real-time information and predictive ETAs.

Streamline Operations

Improve supply chain efficiency with high-quality data and predictive business intelligence and actionable insights into transportation processes.

Reduce Shipping costs

Eliminate costly manual processes and avoid late fees by configuring alerts with time-based geofences and handling issues before they occur.

Secure Data Flow and Privacy

Manage complex data sharing relationships with thousands of carriers across the globe. Promote and maintain trust between us and our carriers using the only GDPR compliant platform.

We have developed a unique pan-European Alliance with EU carriers built on trust and flexibility reinforced by ecommerce dexterity, financial strength and investment in latest technology and equipment. The Efret Alliance between us and other like-minded stakeholders is - the vital link - dedicated to excellence.

Efret Alliance members' reciprocal commitments:

- Strong finances underwriting flexibility over long term aims.
- Can-do first/argue later approach focused on customer needs.
- Clear, concise, courteous and accurate communication.
- Modern fleet with GPS tracking and POD scanner available 24/7.
- Operational contacts truly available 24/7 and over festivities.
- Non-disclosure non-circumventing terms respecting each other.
- Discipline in applying an agreed Standard Operating Procedure.
- Favourable payment terms and simplified admin via self-billing.
